

Implementation Procedure
for
Atlantic RBCA Guidance for Vapour Intrusion Assessments Version 3.0
(December 2016, updated April 2019)

Background:

Since 1997, Atlantic PIRI Regulators have endorsed the use of Atlantic Risk-Based Corrective Action (RBCA) for the management of petroleum hydrocarbon contaminated sites in the Atlantic Provinces. This document recognizes an update to the *Atlantic RBCA Guidance for Vapour Intrusion Assessments (December 2016)* and clarifies the implementation procedures for use in Atlantic Canada.

The updated Guidance documentation can be downloaded from the www.atlanticrbca.com website.

Implementation Procedure:

Effective **immediately**, Provincial Regulators in Atlantic Canada will require Site Professionals and site owners to use the updated *Guidance for Vapour Intrusion Assessments (December 2016, updated April 2019)* for all Environmental Site Assessments.
